Date: 24.3.2009

**SUBJECT: Confirmation of the receipt of your application for notification  
according to article 6.4 of 1995/5/EC Directive**

Dear Sir/Madam,

We confirm the reception of your application for notification sent on 20.3.2009, according to the article 6.4 of 1999/5/EC Directive, for the following equipment:

Model: SATELLINE-3AS, 3AS DB, 3AS NMS, 3ASm, 3ASm-SMA, 3ASd, 3ASd DB, 3ASd NMS  
PMR/PAMR  
360,0000 - 470,0000 MHz  
SATEL OY

It should be noted that a notification under Article 6.4 is solely to inform the national authority responsible for spectrum management of an intention to place radio equipment on the market and :

- It does not in any way give implicit approval to use the equipment in Slovenia
- It cannot be used as a guarantee that users will be granted a Decree on frequency assignment to operate the equipment in Slovenia
- It does not relieve manufacturers of their obligations under Article 6.3 of the Directive and all other obligations

**It is not allowed to use the stated radio equipment on the geographical area of the Republic of Slovenia outside the frequency bands 406,1 - 410 MHz and 440 - 470 MHz.  
End user needs a decree on frequency assignment for the radio equipment.**

Please, don't hesitate to contact us for any clarification.

Yours sincerely,

By order:
